To our supporters at JG Management Systems:

We at the Colorado Energy Science Center would like to extend our gratitude for your generous contribution to the 2005 Home Energy Investigation Contest.

Through your contribution, we were able to hold a successful contest and expand the knowledge base on the importance of energy efficiency. The results of the competition are as follows:

Prize money was allocated to the winners of the contest; \$100 for 1st place, \$75 for 2nd place, \$50 for 3rd place, and \$15 for 4th place. This competition will serve as a precedent in the promotion of the energy efficiency among home and educational facilities throughout Colorado and the nation.
