

Opportunity: Botanist

Opportunity Location: Grand Junction, CO

Opportunity Description:

JG Management Systems, Inc., (JGMS) a rapidly growing business certified by the U.S. Small Business Administration, is seeking a Botanist for inclusion in their Environmental Program team. A combination of fieldwork, office work, site visits, and client meetings are to be expected. Applicants must have the ability and desire to work outdoors. Most projects are located in and around the Rocky Mountains and often at altitudes near or above 10,000' asl. The position will be based out of the JGMS Corporate Office in Grand Junction, Colorado.

A Bachelor's degree in Botany or related field, with at least three years of NEPA and directly related experience. Professional experience in the preparation of technical publications and experience working in coordination with the USFS and BLM are desirable. Must have experience with or be knowledgeable of the NEPA process and appropriate portions of projects in a Rocky Mountain state. Local candidates are preferred, but will consider out of state candidate with the right experience if willing to relocate to the Grand Junction, Colorado area.

Pay will be commensurate with education and experience, and JGMS offers an excellent compensation and benefits package. Benefits include medical, dental, vision, and life insurance as well as a Simple-IRA and paid holidays.

JGMS is an Equal Opportunity Employer.

To Apply: Send a cover letter, resume, and at least three references to the subject areas noted above to;
